I purchased your material and in just hours I felt back on my feet again!

"Hello Francisco,

I purchased 'How to get your power back after she breaks up with you' and I want to thank you for your valuable coaching and advice.

My ex broke up with me a year and a half ago and I went down the downward spiral. The break up was so sudden and devastating that I didn't know how to recover from it.

I had never had to walk through something as painful.

www.vitalcoaching.com

And believe it or not, after a year and a half I was still waiting by the phone! It was really pathetic. I allowed myself to become a wreck.

I finally came to my senses and realized that I needed to get some help for my situation.

I purchased your material and in just hours I felt back on my feet again! I didn't realize that I could reclaim my power and territory back, nor did I have any idea how to start.

Your coaching has set off a chain reaction in my situation that will continue to allow me to grow and be energized!

Now that I look back on it, it all seems a bit silly. I didn't realize all the pitfalls I was falling into and all the mistakes I was making to take myself lower and lower.

Pretty much all the 'don't do this' advice you give, well, I did it at one point.

But now I laugh because you have given me the strategy I needed to overcome and feel like a man again. I am truly thankful for you sharing this advice and coaching."

It got me back together within days and feeling more powerful

I truly feel 1000 times better

"I actually bought your e-book just after posting on the forum.

Let me just say KUDOS to you for the excellent product.

I started reading and just devoured it in about an hour and a half. You are a very insightful and intelligent guy!

Your material helped me almost instantly and I feel great!

I work as a night auditor at a hotel at the moment and I have quite a bit of downtime so this allowed me to go through it all so fast.

I feel like I'll be leaving work this morning a different version of the me that walked in last night.

I truly feel 1000 times better about the whole situation and I am now ready to put my life back in order.

I would recommend you to anyone else in a similar situation."

It's really awesome

"I bought and read your book about the break-up for men.

It's really awesome, I didn't even read it by heart but it gave me some kind of strength and feelings of freedom, I started feeling the breeze, trees, flowers, shrubs etc.

Looks like my awareness came back.

I also got excited of several future plans.

Thanks sir and more power to you."

Your mp3's blasting in my ears for a week enabled me to understand the power battle - I feel like a new man!!

"Dear Francisco:

I wanted to take a moment to congratulate and thank you for your good work on the e-book and particularly the mp3 tracks on taking the power back for men.

My 3 year, live-in girlfriend broke up with me. I managed to intuitively take many of the actions you suggested. Then, just as I

was getting my power fully back (as you predicted would happen) - she contacted me and my family and we started communicating. All the old dreams and emotions rushed back and then she just as suddenly broke things off again. I was affected more by this second event than the first.

Your mp3's blasting in my ears for a week or so enabled me to better understand the power battle and have helped me take the steps to take my power back. I feel like a new man!!

Thank you!!! You are doing a great service!!

Best,"

I wish I had done that a week ago

"Francisco, I purchased your package and it's been really helpful. I wish I had done that a week ago. In a matter of three days I've been able to make a lot of progress by reading the book over and over. Every time I feel like I'm loosing power I pick it up and read."

Wow, this guy knows exactly what I'm going through and what I'm feeling!!!

"Hi Francisco,

I bought your e-book and quickly became a fan of your site. After listening to the first mp3's I began to feel relief of my recent breakup. I thought, "Wow, this guy knows exactly what I'm going through and what I'm feeling!!!"

I recently had a breakup of a 3 yr. relationship with a woman that I really thought had been divinely sent to me (and I to her) and thought I would ultimately marry and have a family with.

I just listened to "Power kicks" and specifically the MP3 "I did exactly what she wanted" and thought "Oh my God, that is EXACTLY WHAT HAPPENED, exactly!"

Your insight is amazing!!

I also appreciate that you sound genuinely concerned and interested in all of these dynamics. I'm sure that's what makes you so good at it.

Sincerely"

It should be law that every divorced man get a copy of your "How to get your power back" MP3. It was the slap in the face and kick to the balls that helped me see where I was and what I needed to do to get MY power back. It worked!!

Absolutely brilliant

"Hi! I have recently purchased "How to get your power back after she breaks up" which is absolutely brilliant and has helped me a great deal. It really got me back on the right road again. Many thanks!"

I was amazed at your dedication

www.vitalcoaching.com

"I have to say that so far I am amazed at your dedication and what appears to be an honest desire to help so many people who you don't even know. I don't know if what I'm about to hear will work, and of course I know the bad feelings pass in time. Everyone does. But your dedication to helping us NOW is so wonderful and kind.

Thank you for all the effort and time you've spent creating your site and the content. If I may ask, how did you come to this desire to help those whose heart is shattered? Were you once in the same position? Or, perhaps you just know the male psyche better than most people.

I've been through bad breakup just once before, but this was someone I was engaged to. It's a little bit different - more painful - when it's the person you wanted to spend the rest of your life with, to grow old with.

Okay, with that I now retire to bed and will listen to your audio files."

FM

You have helped me re-focus my energy

"Francisco, thank you immensely for your help with my breakup. You have helped me re-focus my energy away from feeling sorry for myself and towards improving my life and getting back on track."

MP - US

That one audio file has been worth every penny I paid!!

"Francisco,

I needed to thank you for your e-book, and especially the audio files. I bought your package on "Getting your power back after breakups - For men" last Sunday. My girlfriend broke up last Saturday and I was searching for help the next day.

I listen to your audio files in the car going to work, at work, coming home from work, and while I am falling asleep!

Right now the hardest part for me is the "Need to call her" feeling. Your audio file on the "First Breakup Trap" is just awesome for when I feel this. I understand now, and it gives me strength knowing that she will see me as "Needy" and "Wanting".

You can't imagine how many times I play that segment over, and over again. I want her to see me having the power. I want her to think of me as confident and sure of who and what I am. That one audio file has been worth every penny I paid!!

Again, thank you so much for showing me what she is feeling during this time, and what really triggered this breakup.

I will admit, it is still hurts, but I am quickly getting my power back.

Thanks again, I will keep listening to your MP3's and gaining back my strength and power. You have truly helped me regain my sanity!!"

Great stuff! Some solid reality checks

"It works! I have read the book, listened to it and all of the MP3s all weekend. Great stuff! Some solid reality checks. Best Regards"

R - US

You have been a life saver

"Francisco,

I have been listening to the mp3 files all day and I have to say that so far you have been a life saver.

I had been with my girlfriend for about 8 months and I love her very much, so when she broke up with me for space and other personal reasons, you can imagine my devastation. I did all of the

things that I am know learning that I shouldn't have. Begging for her to try again, convincing her that we belong together, always appearing needy to her.

Now I am becoming armed with the tools that I need to beat this. It has been about 2 weeks since she broke up with me and it has been extremely difficult, but I found your book just in time.

I am already applying the strategies and I feel better about the whole thing. It is my hope that your book and mp3 files will help me along with this battle.

Anyway, thank you for the e-book. And I may be contacting you for some live sessions.

Thank you again"

Francisco has a very clear and concise way of telling you just exactly what you need to know

"With the advice Francisco has offered, I've been able to regroup and keep myself from losing my cool and control. I was actually falling into the pitfalls he talks about in the beginning.

If anyone is going through a break up, or even if your relationship is rocky, you should seriously consider this e-book. Everything I've read thus far is RIGHT ON THE MONEY! Francisco has a very clear and concise way of telling you just exactly what you need to know.

If it wasn't for the help I've gotten from vitalcoaching.com I'd be so far worse than I am now."

Had I known what I know now...

"Had I known what I know now (Thanks in part to Francisco) I would probably still be in this relationship, and it might even be healthy."

Thank you again for helping me get through the most difficult time of my life

"Francisco,

First of all thank you for writing "How to get your power back after she breaks up". Your e-book and information are helping me in a lot of ways in my life.

Like you mention in your e-book "this is a crisis" and I need to get my power back. I'm sure you get a lot of correspondence like this, but I wanted to quickly share my story. I think these events will make me a stronger and better person overall.

I promised myself to start 2006 with a new outlook and somehow I found your material online. Although I am not completely over my ex, your e-book has helped me on those nights where I just needed a little push to get to bed and fall asleep.

Thank you again for helping me get through the most difficult time of my life."

It was almost like you recorded this around my situation

"Hello,

Just really wanted to say thank you for your insights and advice in the e-book.

The break up I went through was the toughest thing I ever went through in my life and I am still trying to get all my power back. It will take time... But you truly helped me take the first steps in a new future for me.

It's funny because when I was listening to you on the mp3, it was almost like you recorded this around my situation."

I am still attractive (Which is proved in point by one particular girl who is chasing after me.)

"Hello Francisco,

I first need to thank you. Your videos, mp3s, and writings added a much needed sense of clarity and focus which was definitely shaken right after my breakup. It happened about one week ago and I searched for answers right away, and of course, I found your website.

The pain I felt is going away quickly now and I am happier and finding that I am still attractive (Which is proved in point by one particular girl who is chasing after me.)"

Ok... You can add another success story with me

"Ok... You can add another success story with me.

I could not get over my X. Emotional attachment for sure. I listened to your audio files for 1 week straight and applied the concepts which I knew about but hearing them constantly from someone else made a huge difference!

Totally moved on within 3 weeks!! We are talking about a 15 years relationship here!! I invested in others right away!! Met amazing women, and currently dating a bomb shell.

I saw this break up as an opportunity and once in a life time free pass!! Could not be any happier. One week ago, wife realized what she had lost and now wants to reconcile! So to all the guys out there... The best thing you can do is free your mind and enjoy your life! You only live once! No need to be miserable over a woman believe me!

Thank you again! Money very well spent!!"

NOTHING else helped me, and I read everything I could find, and spent about \$3000 on Psychologist bills

"Hello - First off let me thank you for your excellent self help system that I purchased from you!! NOTHING else helped me, and I read everything I could find, and spent about \$3000 on Psychologist bills.

Until I realized that breaking up is a battlefield, nothing helped, and once I got your tapes it rejuvenated my desire to win the battle.

Now I have dated SUPER MODELS! I work for NBC, and I became a red carpet celebrity in Las Vegas. These things are all true, and credited to you helping me win my fight so THANK YOU!!"

Your power boost has done wonders for me - Thank you for giving me the tools to fight back.

"Thank you so much Francisco. Your power boost has done wonders for me. Your words make so much sense. I may need coaching in the future to help with the relapses. My breakup situation has been the biggest challenge of my life. Thank you for giving me the tools to fight back."

I HIGHLY RECOMMEND YOUR PROGRAM TO OTHER MEN IN MY SITUATION!!!

"Francis, Thanx. Your program is the best. Got back on my feet and got my power back within the next two days. The ball is purely in my court.

I HIGHLY RECOMMEND YOUR PROGRAM TO OTHER MEN IN MY SITUATION!!!

While the road is still rough, at least I'm moving along, and it's better to be behind the wheel of the situation rather than having my soon to be ex-wife behind the wheel.

You literally told the future when you said that she would eventually contact me when I stopped contacting her and seeming so "needy". And when I showed that I didn't care about the things with us that I used to care so much about, she didn't know what to do. Well I do know what to do... I'm moving forward with my life despite the fact that she left me with the house and car bills but took the kids and is running up the household debt.

Thanks Francis."

I thought that I just wanted to die

"Hi Francisco

Just wanted to tell you I'm ok and doing great. I was married for 16years and this was the 2nd time my x left me for someone else. I thought that I just wanted to die and did not think that I will be able to do so with out her and now I know I can and will do so yes I miss her very much but its over and I look the world in the face now. Thank you for your book and all the support."

I spent over \$1000 in fees to therapists to help and your mp3s were by far the most helpful in getting me over her

"Hi Francisco, I'll tell you this: I have spent over \$1000 in fees to therapists to help me through my heartbreaking separation and your mp3s were by far the most helpful in getting me 'over' her. I listened to them and by the 3rd one I had cleaned out everything in my visual realm that reminded me of her, deleted all photos of her and I and had a sidewalk sale and got rid of it all and felt so much better. Can't wait to get out and meet new ladies!

Feeling strong! Thanks so much for this product! Sincerely"

Thanks a million. You are a lifesaver. You really are.

"Hello Francisco - So far so good. Everyday keeps getting better. Still listening to the audios, and reading the ebooks.

I need to work a bit more on my willpower but I'm taking a holiday away from computers and technology so that will help me. Hopefully by the time I get back I will be able to share my success story with you.

Thanks a million. You are a lifesaver. You really are.

Power to the people :)"

Still using your power kicks every day

"Hi Francisco, Just dropping you a line to let you know how I am getting on, still using your power kicks every day and what you are saying is even making more sense now I have come through the shock and the emotional turmoil.

I even created my own strategy when she comes to haunt me. All I do when she comes into my head is think about the bad times! It's working for me! I have completely let go! She does not exist in my world and I am moving on with my new life without her.

Thanks for your help!!! - Regards"

It was an immense help for me

"Dear Francisco - I would like to thank you for the great work you are doing, I bought your get "your power back after she breaks up" package and it was an immense help for me"

BH

I am the winner!

"Hi Francisco. Just wanted to say a BIG thank you to you. You're so right. I found out my wife was having an affair after 25 years of marriage, some 3 months ago. I got your e-book. And you were so right, I am the winner! I was in a bad way but took your advice. Have now met someone myself (who knows if it will last) and now feel so much better about myself. I no longer feel ugly and useless. I feel free and good about myself, here' s to the future. Thank you again Francisco!"

PB

Your book is incredible!

"Thank you so much for all of the help! Your book is incredible! You've done a great job!"

D

You make so much sense!

"Francisco, I just wanted to let you know how much you are helping me. My friends and family have told me everything you have said,

but it really doesn't sink in until I'm alone. When I'm alone I turn on my computer, and you help. It makes me feel like I'm not alone and I can be strong. You make so much sense, and it actually sinks in."

DW

Everything you say is exactly right

"Hi,

Just want to let you know how appreciative I am for your get your power back series.

I went through a marriage break up. I was married for 22 years and then it all fell apart when my wife left me to live with another man. If it was not for your advise I could not see myself making it through all the pain.

Everything you say is exactly right and to include her wanting to come home at the very worst time. She wanted to come back when I got my power back. I did feel good about myself and we did not get back together. It's amazing how fast you really can come out of feeling bad with your advise.

It's been 2 years now since our break up and I feel great. My wife feels bad about things. Recently I sincerely told her that she needs to quit feeling guilty and I really do forgive everything.

I would not have been able to do that for her without your help in getting my power back."

I have already been taking some steps and done a little dating

"I just ordered your e-book. I read it twice and have already been taking some steps and done a little dating."

I love your book

"I love your book and want to win this battle. I would love to talk with you live."

My life is so much richer, happier and more fulfilling than at any time since I can remember

"Hi Francisco,

This time last year, my wife left me. It wasn't a great time...

I spent a month getting drunk and then decided I had to get my life together. I found your site one night while googling for help with my predicament. I bought your course on breaking up for men, and set about trying to put it into effect.

I have to say nothing changed overnight, but I still found your material to be enormously helpful and I referred to it again and again.

Now, a year later, I find I have undergone profound changes for the better. My life is so much richer, happier and more fulfilling than at any time since I can remember. I have become fit, active and more gregarious than I have been since I was a teenager. I have met new women, my career has blossomed and it seems weird to say it, but my marriage break-up has been one of the best things that ever happened to me. I never thought I would find myself saying that.

I hope others in my situation will take heart from my experience.

Your course gave me hope that I would come out smiling the other side; and I have. Hang in there, guys... keep your head up, refer to the course and don't ever doubt that you too will end up so much happier than you can presently imagine. Work hard."

I believe it must have already helped many, many people

"Once again thank you and keep up the good work. I admire the enterprise you've put together and believe it must have already helped many many people."

I am a brand new person and not only has my love life improved tremendously, but everything else around me is booming

"Dear Francisco, I bought your e-book program some weeks ago and all I can say is that it saved my life! I am a brand new person and not only has my love life improved tremendously, but everything else around me is booming.

I have recommended many of my friends to sign up with your coaching programs. I have found them to be the most practical and humane approach to handling break up situations for men. Not only that, you have managed to treat the subject so well that not only the man wins but, in the long run, the "ex" wins as well!

Thank you and keep up the great work! Yours sincerely"

I wished I had just gotten this before all the other books I wasted my money and time on

"I purchased your ebook a few days ago on get your power back. I wished I had just gotten this before all the other books I wasted my money and time on. Your book is awesome. Thanks again"

BM

I finally realized that I needed to get my power back

"Hi Francisco,

I wanted to thank you for your mp3s and e-book. When my Ex broke up with me all I wanted was to get her back, I bought other e-books on how to get my Ex back.

All my attempts failed. I tried no contact, which did eventually get her to call me, but within a couple days of reuniting she was gone again and I really feel it was because I felt so weak inside and would do anything to have her back in my life (she knew all the power was hers - Even telling me she had the upper hand).

I spent a couple months trying to win her back.

She never returned my calls, text messages, nothing... Very frustrating to say the least.

I finally realized that I needed to get my power back. Your e-book is different from all the others because you take time to explain what is going on and that helped me understand what I've been doing wrong.

Thanks for your help. I'll recommend your book and mp3s to friends that are going through the same."

MG

I am happy I got it!

"The book was great. I'm happy I got it!"

Your material was the best advice I got

"Dear Francisco, your material was the best advice I got from all the web-sites I searched and all the other ebooks out there that

promise more than they should. Your book puts it right in front of you in plain language. Thank you so much for getting me started to being a more powerful me. Thanks again, best regards."

BM

Yours is definitely the best that money can buy!

"Francisco, Thanks! I really enjoyed your ebook and mp3's.

I have learned a lot from these and I am definitely seeing results as my ex-wife is chasing me. I never thought this would actually ever happen. I have read and ordered just about everything on this topic of getting my ex-wife back, I probably read everything there possibly is to read in the book stores and online. Yours definitely is like no other.

This was definitely worth the price, and I would recommend this to anyone looking to get their power or get their ex back. I made so many dumb mistakes in the beginning of our breakup which gave her so much power without even realizing it. I wanted her back, but she held ALL the power.

Once I realized from your material what I was doing wrong, I very quickly regained the power I needed to possibly win her back. Very good strategies that I would have never realized without the help from you. My ex has pretty much lost all the power she used to have over me and it now feels great knowing that I have regained all my power back!

She wants me back soooooo much at this point and it feels great. I am a WINNER and have a totally different mindset thanks to you! I wished I would have got this material months ago, it would have made my life so much better a lot sooner.

Yours is definitely the best that money can buy! Thanks a lot for this material, you have done a fine job and surely need to be commended for your outstanding work in this subject! You are definitely the best!!!"

It has been the easiest to recover from

"Hi Francisco - I found your power pack to be immensely helpful and motivating.

I have been through break-ups before and I expected this one to be the worst of them all. In fact, it has been the easiest to recover from. I am now in a mental state of mind that I thought would take me months to achieve. Many thanks"

Was over my breakup within a week after buying Francisco's Break Up For Men materials

I am not sure if I mentioned how helpful your insights were to me

"I am not sure if I mentioned how helpful your insights were to me. During the last few years my life has included 2 memorable break ups. They were still very tough to deal with, but knowing the fundamental skills allowed me to view them through a different lens. Keep up the good work!"

Now I can honestly say, THIS WORKS!

"Unreal, at first I was a little hesitant whether it would actually work, but wow, talk about a 180 degree turn. I felt like I was on top of the world..Now I can honestly say, THIS WORKS! I've seen it work to other friends and I highly recommend it! Thanx Francisco!"

You got me through my break up, man

"You got me through my break up, man. It's only been 10 days since I found out my girl was interested in and seeing someone else. When I found out (through intuition) I was shocked. I didn't think there was going to be a day I would feel good. I made an appt with a counsellor because I thought I just might lose it. My self esteem was dead. My power was gone.

I found you on YouTube and then went straight to your site. I bought all the Break up for Men material, and was playing it non-stop for a couple of days. I still play it in times of need. My confidence is coming back, and I was able to see all the problems that were going on with my relationship. I now live with a bit of regret for the part I played, but I've made it a point to learn from those mistakes.

Thank you so much. You said just the right things, so much so that I didn't feel like I was going through this alone. Good luck to you in all you do. You're doing good work."

I realized recently that I haven't gotten over my divorce yet - And that was 18 years ago!

"As strange as it may sound, I realized recently that I haven't gotten over my divorce yet - And that was 18 years ago! Well,

awareness of a problem is the first step in solving the problem, right? She is still in my head, and it is draining my energy. I think it's high time to kick her out. Your book rings true for this situation - You write good stuff - I wish you the best."

I'm happy that I'm not with her anymore, thanks to you! =)

"Your audio files are really helping me. I'm pretty much over my ex now, but she still continues to talk bad about me with her friends. I just ignore it and move on with my life.

I'm happy that I'm not with her anymore, thanks to you! =)"

RC

Then I watch your videos, and all of a sudden...

"Watching your movies now. They are excellent. Straight to the point and informational. I've just come out of a relationship. She drained me off all my energy and my wallet. So I'm broke, living with my brother, don't have energy, life is fucked up, and I can't stop thinking on her.

Then I watch your videos, and all of a sudden: you are spot on. Her life is hers alone and my life is mine alone. I'll make mine the best of it. She won't get the best of me, and I am now focused as a laser beam to rebuild myself stronger and better than ever before. Both on the inside and outside."

H

It would have saved me some foolish moments...

"Hi Francisco, I recently purchased your breakup coaching program and would like to say thank you. It's really been a very positive and constructive guidebook for dealing with my breakup.

You seem to be very sincere about what you're doing, and obviously very knowledgeable about the topic of empowerment after a breakup. It's clearly the right path to take and I wish I had sought this out earlier on. It would have saved me some foolish moments where I exposed my weakness to her."

I just got it today and it was right timing

"I just got it today and it was right timing. I had to face my ex when picking up some things and I was able to control my self. She tried to manipulate the situation and get into word games. But I remained focused on the task of picking up my things.

I can't believe she turned into this person that I do not know now.

Thank you so much Francisco. I will definitely get a live coaching session once I finish reading and viewing the material - PS: I've already started to feel better today"

AQ

I have been following your advice from the mp3's and videos

"I have been following your advice from the mp3's and videos. It is hard to face the cold reality but thanks to you and my friends I'm making progress. I'm so glad I found your site."

Now I feel a lot better about myself

"Thank you for your help. Now I feel a lot better about myself. My ex girlfriend hurt me so bad but you helped me get out of this. God bless you! Thanks for all your help my friend"

Your words of wisdom got me through one of the worst times of my life

"I just wanted to say thank you Francisco. About a year ago I used your program after a crazy divorce that I swear some day I will write a book about. Your words of wisdom really helped prepare me for what I had to deal with at that time and got me through one of the worst times of my life."

Those audio mp3's seriously changed my perspective

"Francisco..."Get your Power Back for Men"... Those audio mp3's seriously changed my perspective permanently. I listened to them for the last couple of months on and off and am so much better now. Seriously, thank you!"

I was able to talk to her with respect in a diplomatic way

"Yesterday I saw my ex wife to meet with the lawyer and sign the divorce papers. I felt in control. I did not crumble in front of her. I was able to talk to her with respect in a diplomatic way. My feelings where under my control and I was able to focus on the legal matters.

I felt relieved after I saw her. I was not sure about my reactions to her until I faced her. Now I know that I'm moving on and be able to balance my life and talk to her for the necessary divorce related issues without looking like a needy guy. I'm getting control of my life back.

Thank you so much."

I am immersing myself in it and so much tension and worry has disappeared from my life in just a few hours
