### **Thanks for the wake-up call!**

"Hi Francisco. Thanks for the wake-up call! You managed to encourage me to create a different mindset to tackle my dilemma. Of course, I've consulted my friends and peers but no one really has given me straight answers. Everything in your material is empowering.

Anyway, me and my partner are in good terms these days. Our talks have been nothing but fun and intimate. So far so good. I'm slowly developing my trust. Lately, I've been challenged and I know this won't be the last of it. She told me that she will go out to a club this Saturday with her girlfriends. My reply "Oh that's great. Hope you'll have fun." She said "Thanks. I might try to see you afterwards if you're not busy." And I want to tell you that it is a relief. No tension. No worries.

I know that this is not yet a measure of dealing with my jealousy but I know and I feel that I am on the right track. I just hope that I can hold on to this and eventually master the game and then...it's a win-win situation for me and my partner.

I will update you on this and again, thanks for being my coach."
